Security News for the
Security Professional

In association with

The IFSEC International Security Industry Awards 2012 is the premier event for the security industry to celebrate and acknowledge security innovations and product excellence influencing and shaping the security industry over the last 12 months.

Running alongside the IFSEC exhibition, entering the IFSEC International Security Industry Awards is a fantastic way to show off what you and your company have achieved.

By entering the awards you will:

- Raise your profile – being a finalist or winner signifies your excellence to your current and future customers and competitors;
- Receive extensive coverage on the security industry's premier news portal www.info4security.com;
- Network with more than 600 senior industry key players;
- Receive a prestigious winners trophy or a finalist certificate in front of industry peers;
- Showcase your success on your stand at IFSEC International 2012 and see your name in lights on the official awards stand.

HOW TO ENTER

Enter the awards by filling in the online entry form at www.ifsec.co.uk/awards.

Enter multiple categories and upload supporting material. The entry deadline is Friday 9 March 2012.

PRODUCT CATEGORIES

Categories 1 to 7 are open exclusively to exhibitors participating in IFSEC International 2012.

1. CCTV Camera Equipment of the year

Any camera equipment including camera, lens or software.

2. CCTV System of the year (excluding cameras and lens)

CCTV systems and components including control equipment, transmission equipment and monitoring facilities.

3. Intruder Alarm or Exterior Deterrent Product of the year

Any component of an intruder alarm system or exterior electronic deterrent system, including detectors, control equipment, warning devices and transmission systems.

4. Physical Security Product of the year

Any physical product that prevents or deters access including locks, fencing, barriers and grilles.

5. Access Control Product of the year (including biometrics)

Any component of an access control system, including entry devices, biometric devices, control equipment and transmission systems.

6. Communication Product of the year

Any communications product, including IP hardware/software, IP applications, transmission devices, lone worker devices or vehicle tracking/people tracking devices.

7. Integrated Security Product of the year

Any product (excluding alarm transmission equipment) that enables the integration of security or management systems into a centrally controlled network, including intruder alarms, CCTV, access control, fire systems, barrier control, emergency lighting and building automation systems.

Categories 8 to 10 are open to exhibitors and non-exhibitors.

8. Security Project or Security Installation of the year

This award will go to the most innovative and exciting security project or installation completed since February 2011.

9. Guarding Service delivery to Customer

This category is designed to recognise a security guarding company that has proposed and delivered an innovative solution for a customer above and beyond the normal contractual arrangements.

10. Best Policing Partnership of the year

This category is designed to showcase the very best working partnership between private sector guarding companies, police forces, local authorities and crime-fighting partners in the community, and how a team-based ethic has been fostered to combat crime and anti-social behaviour.

ATTEND THE AWARDS

The winners of all 10 categories will be announced at the glamorous awards ceremony on Monday 14 May 2012 at the Hilton Birmingham Metropole. Book your table today to entertain your key clients and reward your team at the awards.
